FISCAL NOTE ANALYSIS

STATE OF ALASKA
2017 LEGISLATIVE SESSION

BILL NO. CSHB 40

Analysis

This legislation amends AS 16.05 by adding a new section AS 16.05.781 prohibiting the setting of a trap or snare within 200 feet of certain public facilities, areas, and trails, and makes the violation of the new section a class B misdemeanor.

Penalties under this section could be \$500.00, imprisonment for not more than 30 days, or both for violations or \$1,000.00, imprisonment for not more than 60 days or both if the violation caused physical harm to an individual or domestic animal.

Based on the past three years of available inmate data there have been six persons imprisoned under AS 16.05 within a correctional facility and served anywhere from four to 120 days. Five of those were fish and game related and one was associated with hunting/trapping without a license in possession.

The potential financial impacts to the Department from this new legislation could range anywhere from \$0.00 (no time served) to \$149.62 (per day) for each day an offender is incarcerated; however, there is not sufficient data at this time to determine the full impact to the prison population. The Department will continue to monitor for future financial impacts of this legislation if passed.
